in federico-abeledo

Languages

- Spanish** Primary fluency
English Fully professional proficiency

Projects

- 2023 **Trilateration**, 
Developing a trilateration solution that calculates the intersection of three circles based on their coordinates and radius, using mathematical algorithms to determine the precise location.
Skills: Java, Spring Boot, Postman
- 2024 **Patitas Peludas Backend**, 
Implementation of a secure and efficient system to manage products, users and orders, as well as a RESTful API for communication with the frontend.
Skills: Java, Spring Boot, JWT, Spring Boot, API Rest
- 2024 **Patitas Peludas Frontend**, 
Frontend design and implementation for Patitas Peludas shop, with integration to the backend API Rest and authentication using JWT.
Habilidades: TypeScript, React, JWT
- 2024 **Registration System for Universities**, 
A platform for educational institutions to streamline registration, management, tracking, and payments with reliable, interconnected modules.
Skills: Java, Spring Boot, Unit Testing, SOLID, Grasp
- 2025 **Miptech Frontend**, 
Responsive web UI for agricultural producers, with visual field management, real-time notifications, an integrated chatbot, and access control based on user type. It uses JWT for authentication and real-time notifications communication with the backend via Socket.IO.
Skills: TypeScript, React, Chakra UI, Socket.IO, JWT
- 2025 **Miptech Backend**, 
API for agricultural monitoring that allows you to manage batches, campaigns, and premium users, with authentication, validation, and real-time notifications via sockets.
Skills: JavaScript, Node.js, Express.js, Socket.IO, MongoDB, JWT

2025 **CV**, 

A personal portfolio website showcasing my skills, projects, and experience as a software developer.

Skills: TypeScript, React, Next.js, Tailwind CSS

Computer skills

Foundation SOLID, Grasp, API Rest, JWT, Socket.IO, Agile, Unit Testing

Languages Java, Python, TypeScript, JavaScript, HTML, CSS

Frameworks Spring Boot, Flask, Node.js, Express.js, React, Next.js

Databases MySQL, PostgreSQL, SQL Server, SQLite, MongoDB, Redis, Neo4j

Tools Git, Linux, Postman

Education

2022–present **Engineering Degree in Computer Science**, *UADE*

2016–2021 **High School Degree**, *Colegio Nazareth de Quilmes*

Certificates

2024 **Linux Introduction**, *Hack4U*

2024 **Linux Customization**, *Hack4U*

2025 **CCNA: Introduction to Networks**, *Cisco*, **In Progress**

Experience

2022–2023 **Collections management**, *Buerentals*

Responsible for contacting customers with reservations, resolving their pre-stay questions, managing reservation data in Excel, and ensuring clear communication for a positive experience.
